EDUCATION

Bachelor of Computer Science, Jyothishmathi Institute of Technology and Science   2020 - 2024
CGPA: 7.6

Intermediate, Sai Sri Junior College   2018 - 2020
Percentage: 95

High School, Rao's High School   2017 - 2018
CGPA: 9.5

SKILLS

Technical Skills   Python, Java
Database   MySQL

Data Structures and Algorithms, Object-Oriented Programming, Data Processing, Data Analysis, DAX, Power BI, Ms Excel, AWS, Ms Office, ETL, Data Science.

EXPERIENCE

Developer Virtual Intern   Nov 2023 - Dec 2023
Salesforce

- Executed Salesforce development tasks, enhancing skills in Apex, Lightning, and customization for business solutions.

PROJECTS

●**Content Aggregator using Django.** Developed a robust web application leveraging Python and Django framework to aggregate content from various sources through web scraping. Utilized the feed parser library to extract and organize content efficiently, ensuring accurate and up-to-date information for users. Implemented features such as user authentication, data storage, and dynamic content display to enhance the user experience.

●**Recommendation System Based on Emotions.** Contributed to an emotion-based recommendation system using sentiment analysis, real-time feedback, and dynamic algorithms. Employed Natural Language Processing for sentiment analysis, real-time data processing, and Machine Learning algorithms to deliver personalized movie suggestions, boosting user satisfaction.

●**Power BI Dashboards.**

-Developed Power BI dashboards to analyze call center performance, enhancing operational efficiency through data-driven insights.

-Created interactive dashboards for an online retail store, providing key metrics to improve sales and customer engagement strategies.

CERTIFICATIONS

- Certification of Python course at Code Tantra.
- LambdaTest Software Testing Professional Certificate.
- Solved 100+ problems in Leetcode coding Platform.
